## Luxury Heated Loungers by SOLEUM

At SOLEUM, we craft **exceptional heated spa loungers** that redefine wellness elegance. Designed for the most discerning clientele and premium spa environments, our pieces transcend conventional heating solutions, transforming infrared technology into **statement furniture** that harmonizes with sophisticated interior design.

### Where Luxury Meets Wellness

Our heated loungers are the perfect complement to:

- Exclusive private spas
- Sophisticated residential wellness areas
- Luxury hotel and resort suites

**Handcrafted Excellence** Each SOLEUM lounge is meticulously crafted by skilled artisans in our state-of-the-art facility, tailored precisely to your desired color palette and material specifications. This bespoke approach ensures seamless integration with your spa concept, creating an ambiance of refined comfort and timeless beauty.

**Configure Your Vision** Transform your spa project into a reality with our customizable heated wellness solutions. From material selection to color matching, we collaborate with you to create a lounge that embodies your unique aesthetic while delivering the therapeutic benefits of infrared heat.

# The Flying Carpet - SOLEUM®'s Luxury Heated Lounger

A masterpiece of refined design, the **Flying Carpet** is a **premium tiled heated lounger** from SOLEUM®.

Its **elegant oriental-inspired aesthetic** makes it a striking centerpiece in any high-end wellness or sauna environment. Yet its versatility extends beyond traditional spa settings—this exclusive piece of furniture seamlessly integrates into **modern living spaces, lofts, foyers, or corporate wellness zones**, offering a stylish solution for relaxation or power napping.

**Crafted for Luxury & Comfort** The lounger's **graceful, curved architecture** ensures a perfect fit in upscale interiors, combining **functional elegance** with **therapeutic warmth**. Beneath the lounger, **warm-white LED lighting** enhances the radiant beauty of the **SICIS® tiles**, creating a captivating glow that elevates the ambiance.

**Customizable Elegance** The side resting areas are finished in a **durable, premium coating** (standard in white). For a personalized touch, we offer the option to **match any RAL color** to your interior design scheme—ensuring the Flying Carpet blends seamlessly with your vision.

*Luxury glass mosaic and gold coating on the sides*

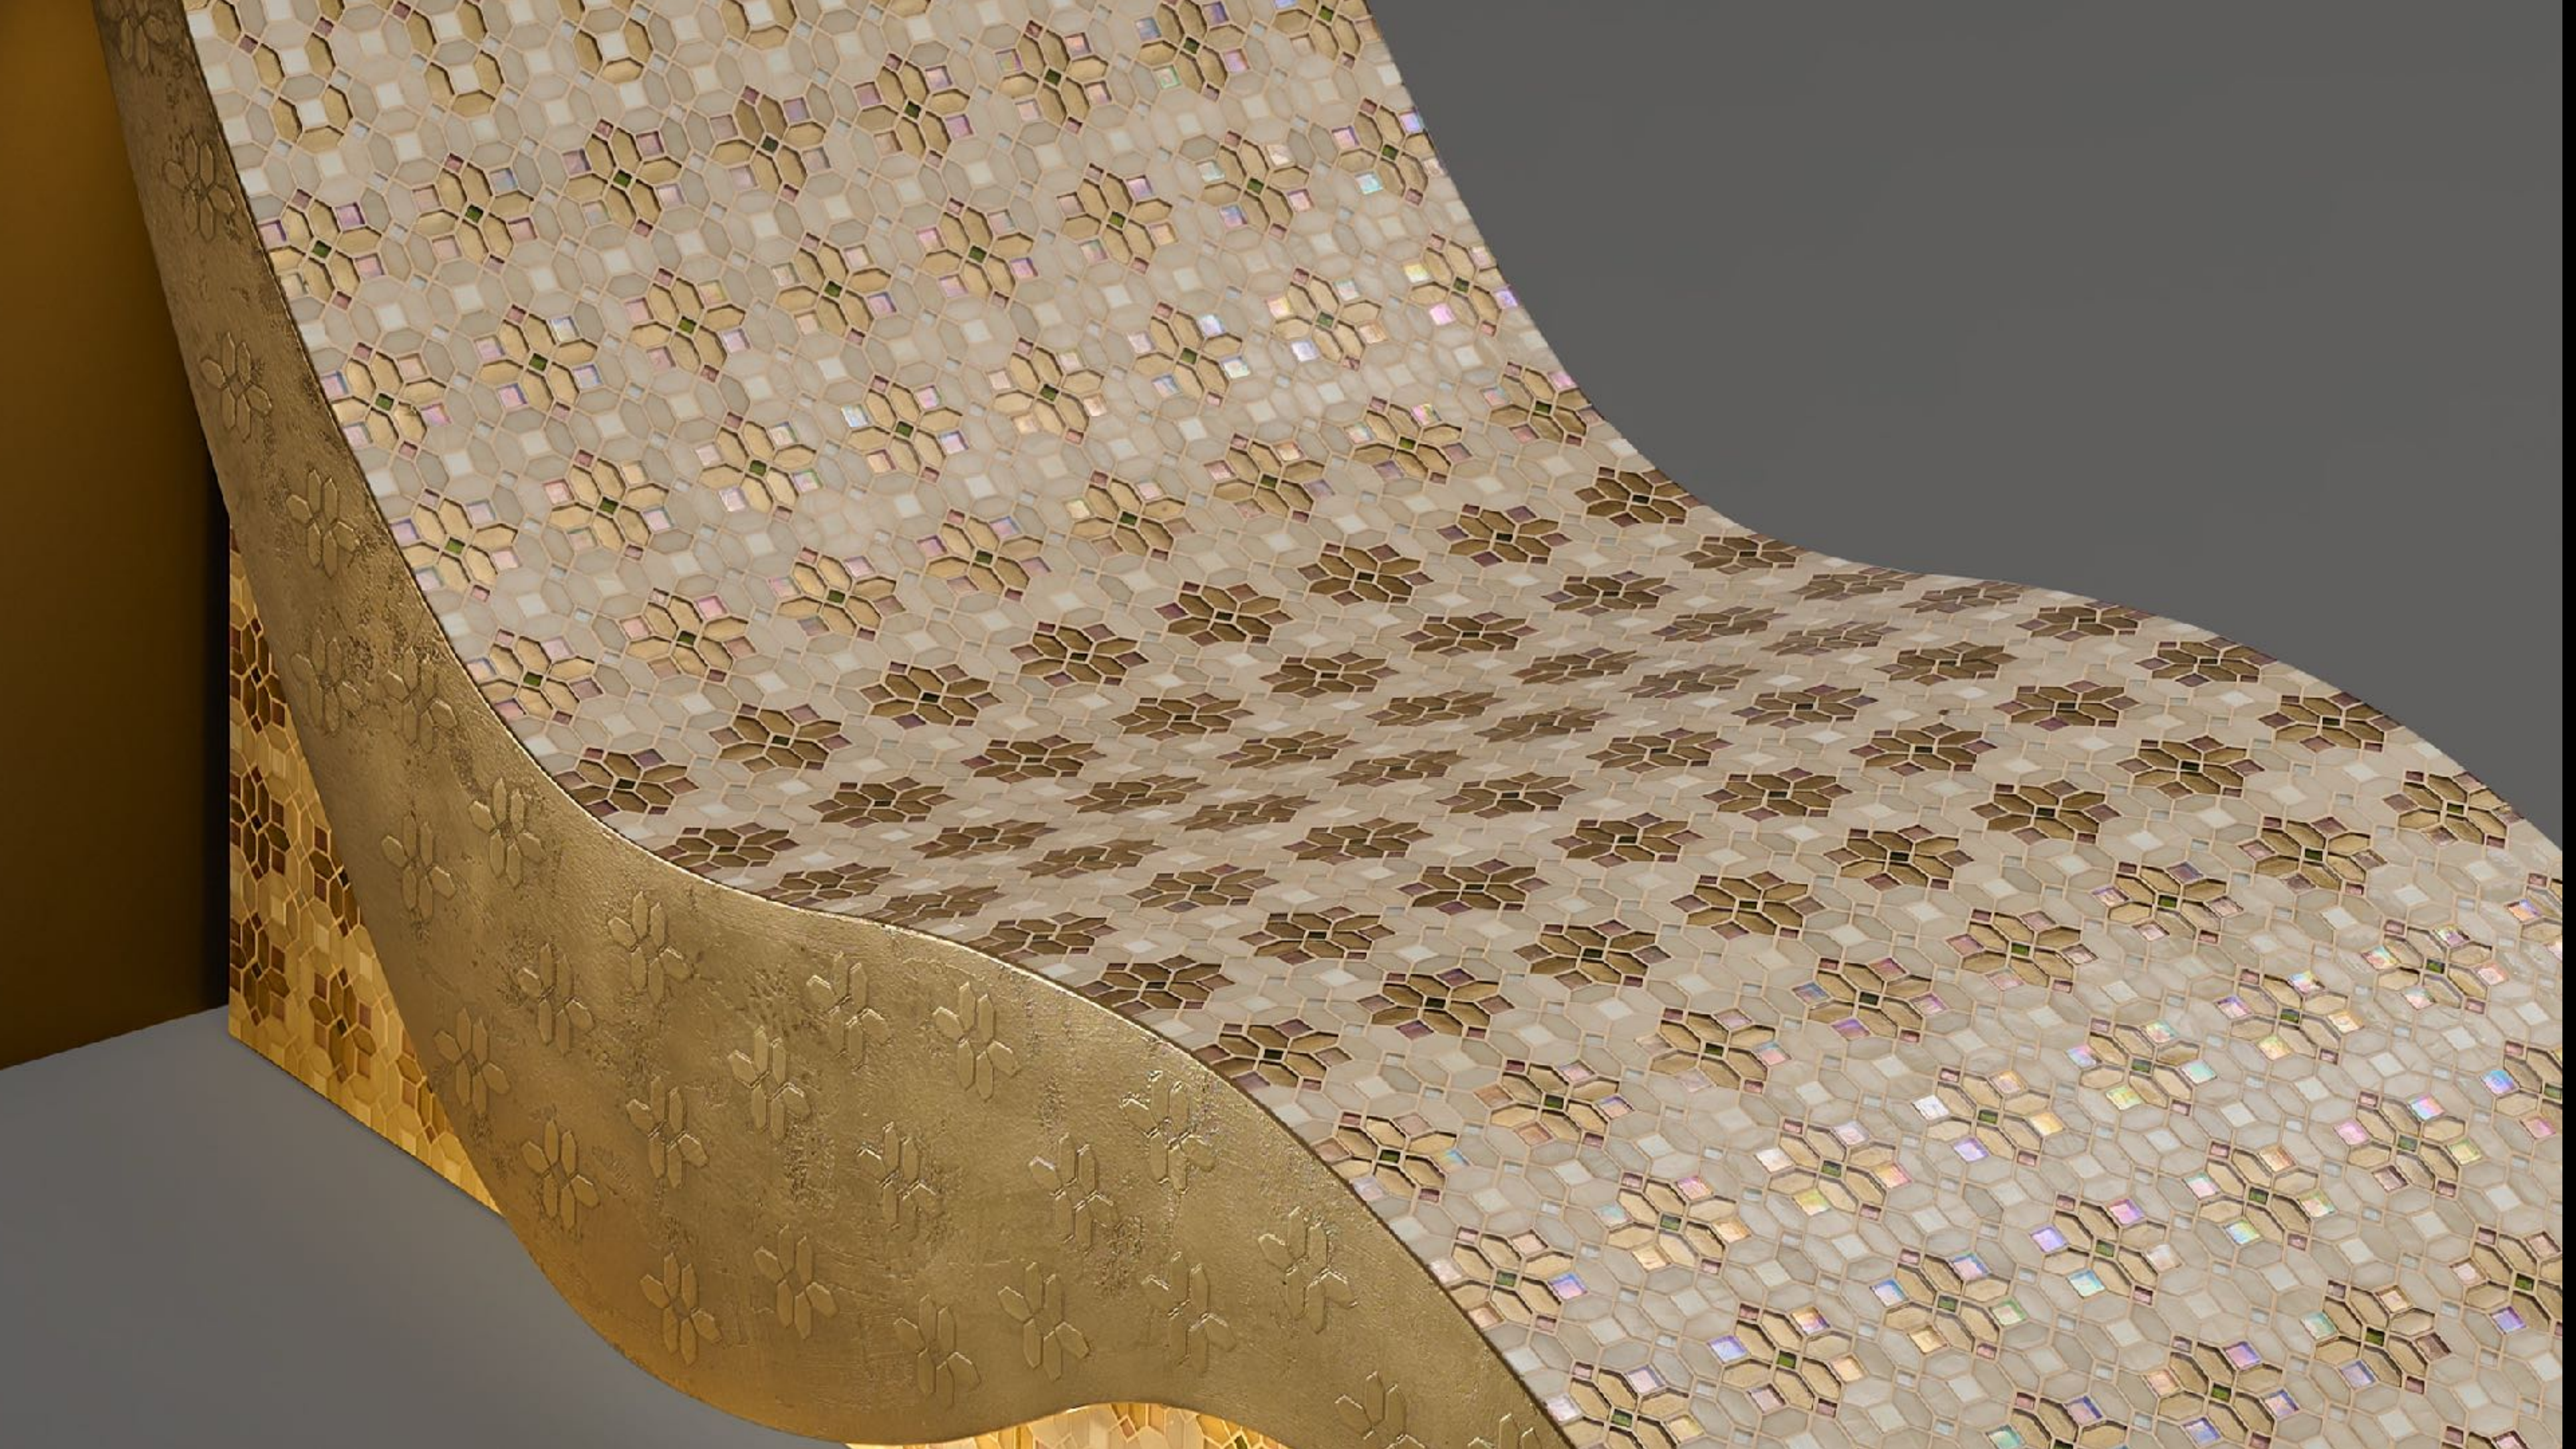

## Optional: Handcrafted Gold Metal Plating on Both Sides

For an unparalleled touch of opulence, the **Flying Carpet** can be elevated with **handcrafted gold metal plating** on both sides.

Executed in **three meticulously applied layers** using a specialized technique, this process creates a surface reminiscent of **antique masterpieces**.

A fourth layer introduces the **golden star motif** of the tiles, transforming the lounge into a **true work of art**—an exclusive statement piece for the most discerning interiors.

# Heated Wellness Lounger

## “ROSE-RED”

A captivating fusion of artistry and innovation, the **ROSE-RED heated wellness lounger** commands attention with its **bold, blood-red glass mosaic**—a mesmerizing interplay of light and color that shimmers and shifts with every glance.

**Handcrafted Luxury** This is more than a lounger—it is a **statement piece of design furniture**, meticulously crafted from **noble glass mosaic** and **sleek white microcement** on the side surfaces. Each element is thoughtfully assembled to create a **visually stunning centerpiece**, whether in a private residence or an exclusive hotel setting.

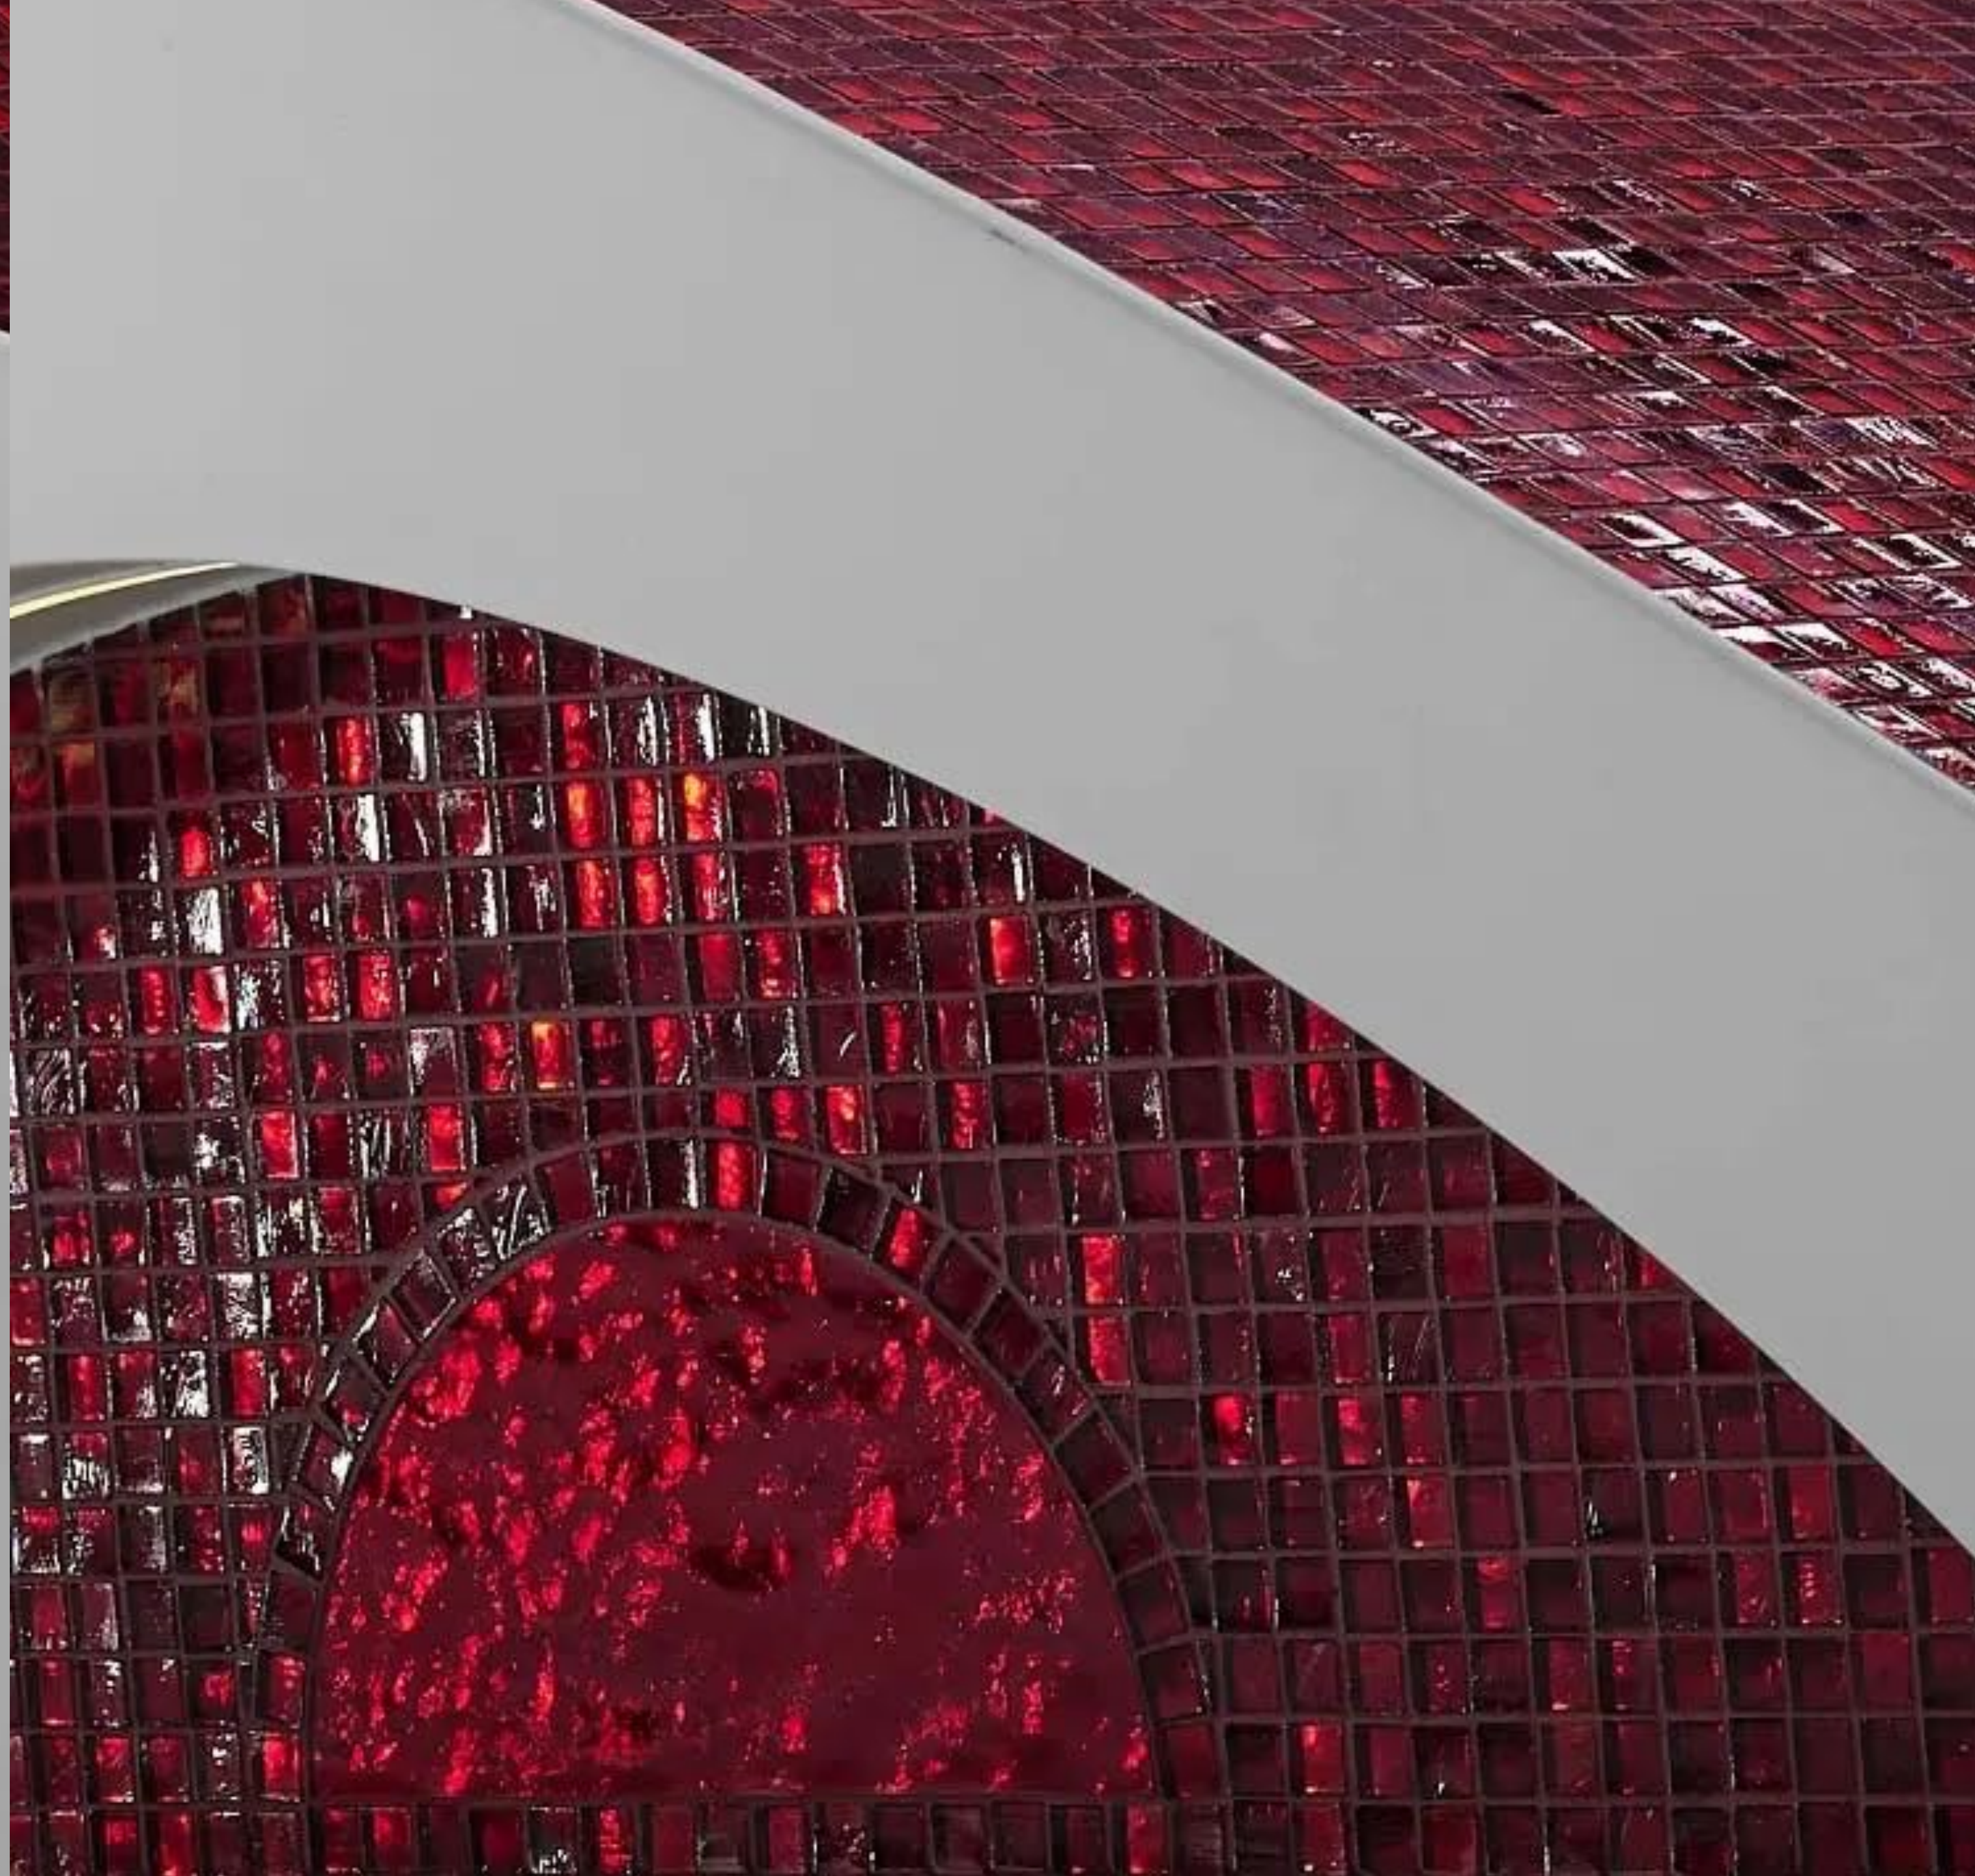

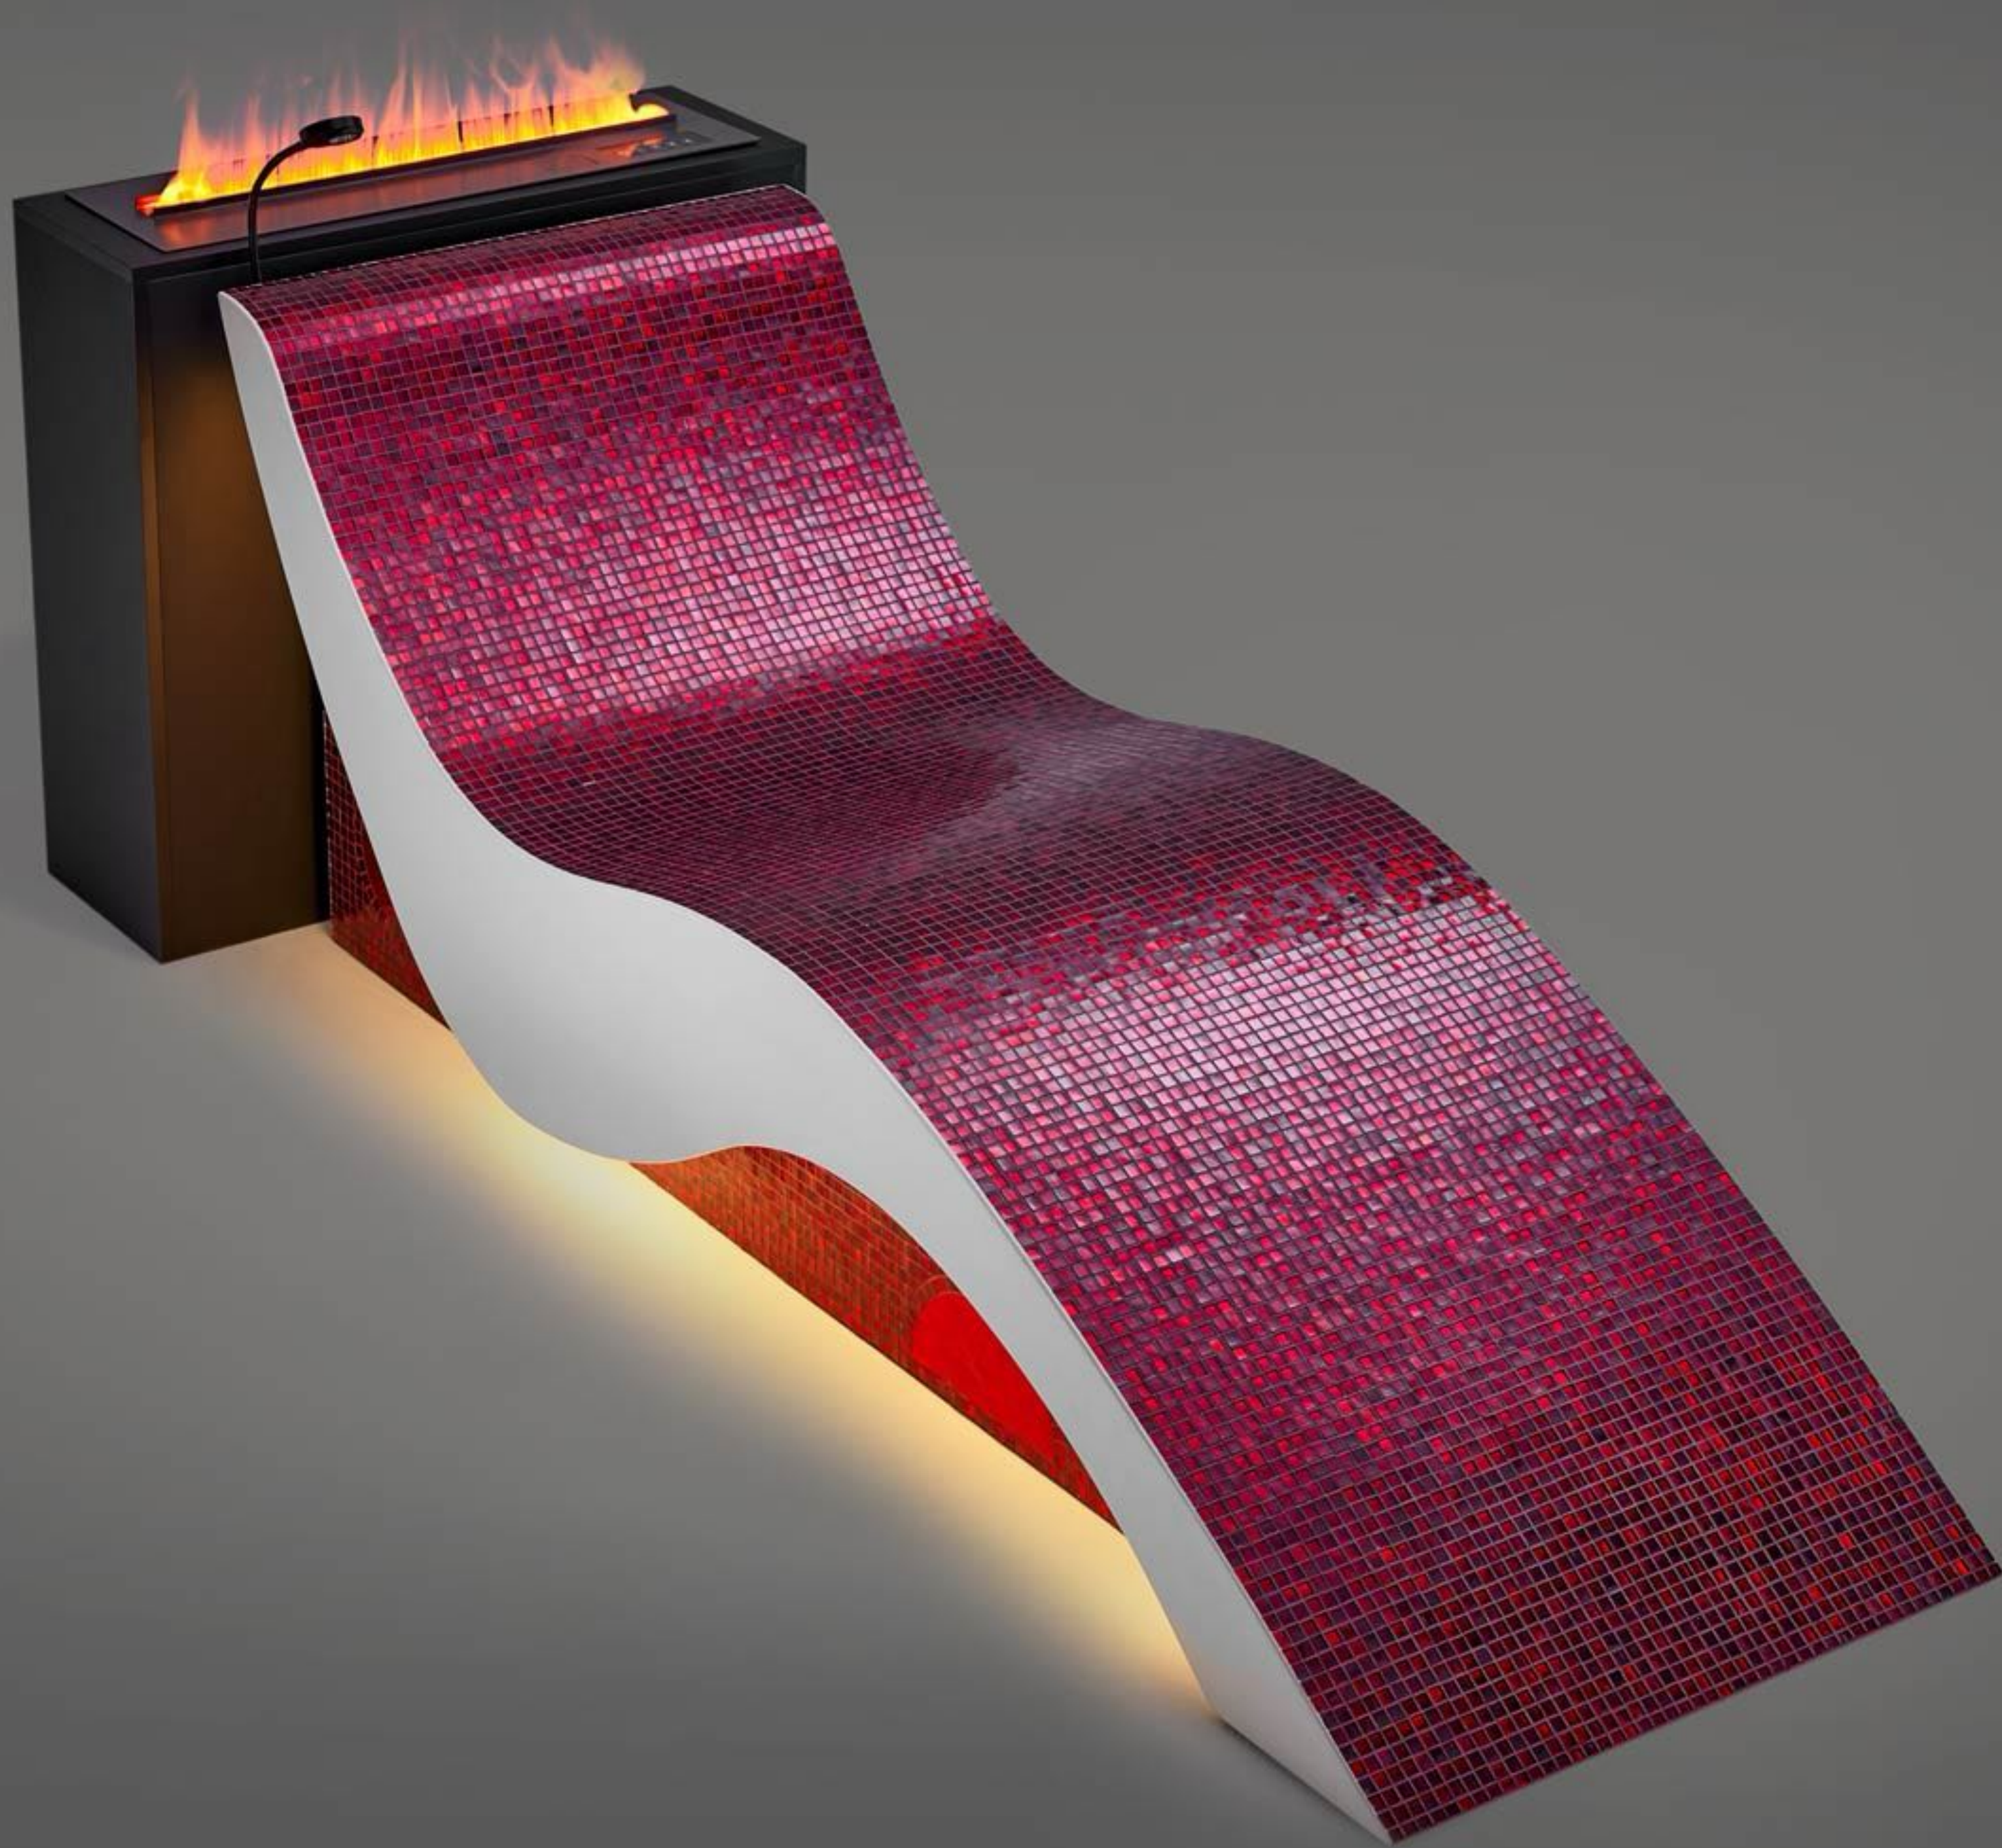

### GLASS DESIGN -**Artistic Brilliance**

The **ROSE-RED** can be elevated with an **exclusive artistic design**, featuring large glass elements such as circles or semicircles. Far beyond a standard tiled lounger, this is **true craftsmanship**—a **one-of-a-kind design object** where the **warming function of infrared heat radiation** meets **unparalleled aesthetic appeal**.

optional with  
glass design  
(glass DOTS)

A modern, dark-colored fire pit is shown against a dark background. The fire pit has a curved front panel made of a fine, red-tinted metal mesh. Behind the mesh, a realistic 3D fire effect is visible, with bright orange and yellow flames rising. A black, adjustable lamp is positioned on the left side of the fire pit, casting light on the mesh and the fire.

optional: realistic 3D fire  
(ultrasonic fire)

**For Private Spas, Residential Spaces,  
Corporate Wellness Lounges, or Luxury  
Hotels:**

These advanced ultrasonic fire pits produce an **exceptionally lifelike flame effect** through precision misting technology—without the need for gas, wood, or open flames.

Designed for **effortless elegance**, the firebox operates exclusively with water, ensuring a **safe, clean, and maintenance-friendly** ambiance.

optional with reading lamp

## READING LAMP

All heated loungers are available with the optional extra of a reading lamp with a USB port. The light can be switched to warm white or neutral white (dimnable).

## MYTHOS Heated Lounger - Anthracite Masterpiece with Premium Finish

A **handcrafted design icon**, the **SOLEUM MYTHOS heated lounger** showcases **sophisticated elegance** in **rich anthracite**, featuring a **special, ultra-durable premium coating** that delivers an exclusive surface finish.

**Where Luxury Meets Wellness** This extraordinary lounger transcends conventional design, offering a **captivating allure** that seamlessly integrates into **private spa sanctuaries, high-end hotels, and exclusive living spaces**. Its **advanced infrared heat technology** provides **therapeutic benefits** similar to natural sunlight—promoting **enhanced blood circulation, relief from colds, tension, and rheumatic discomfort**, as well as **soothing skin conditions**. The temperature is **precisely adjustable** (slightly above body temperature) within a **wide range of 30-45°C**, with an ideal standard setting of **37°C** for optimal comfort.

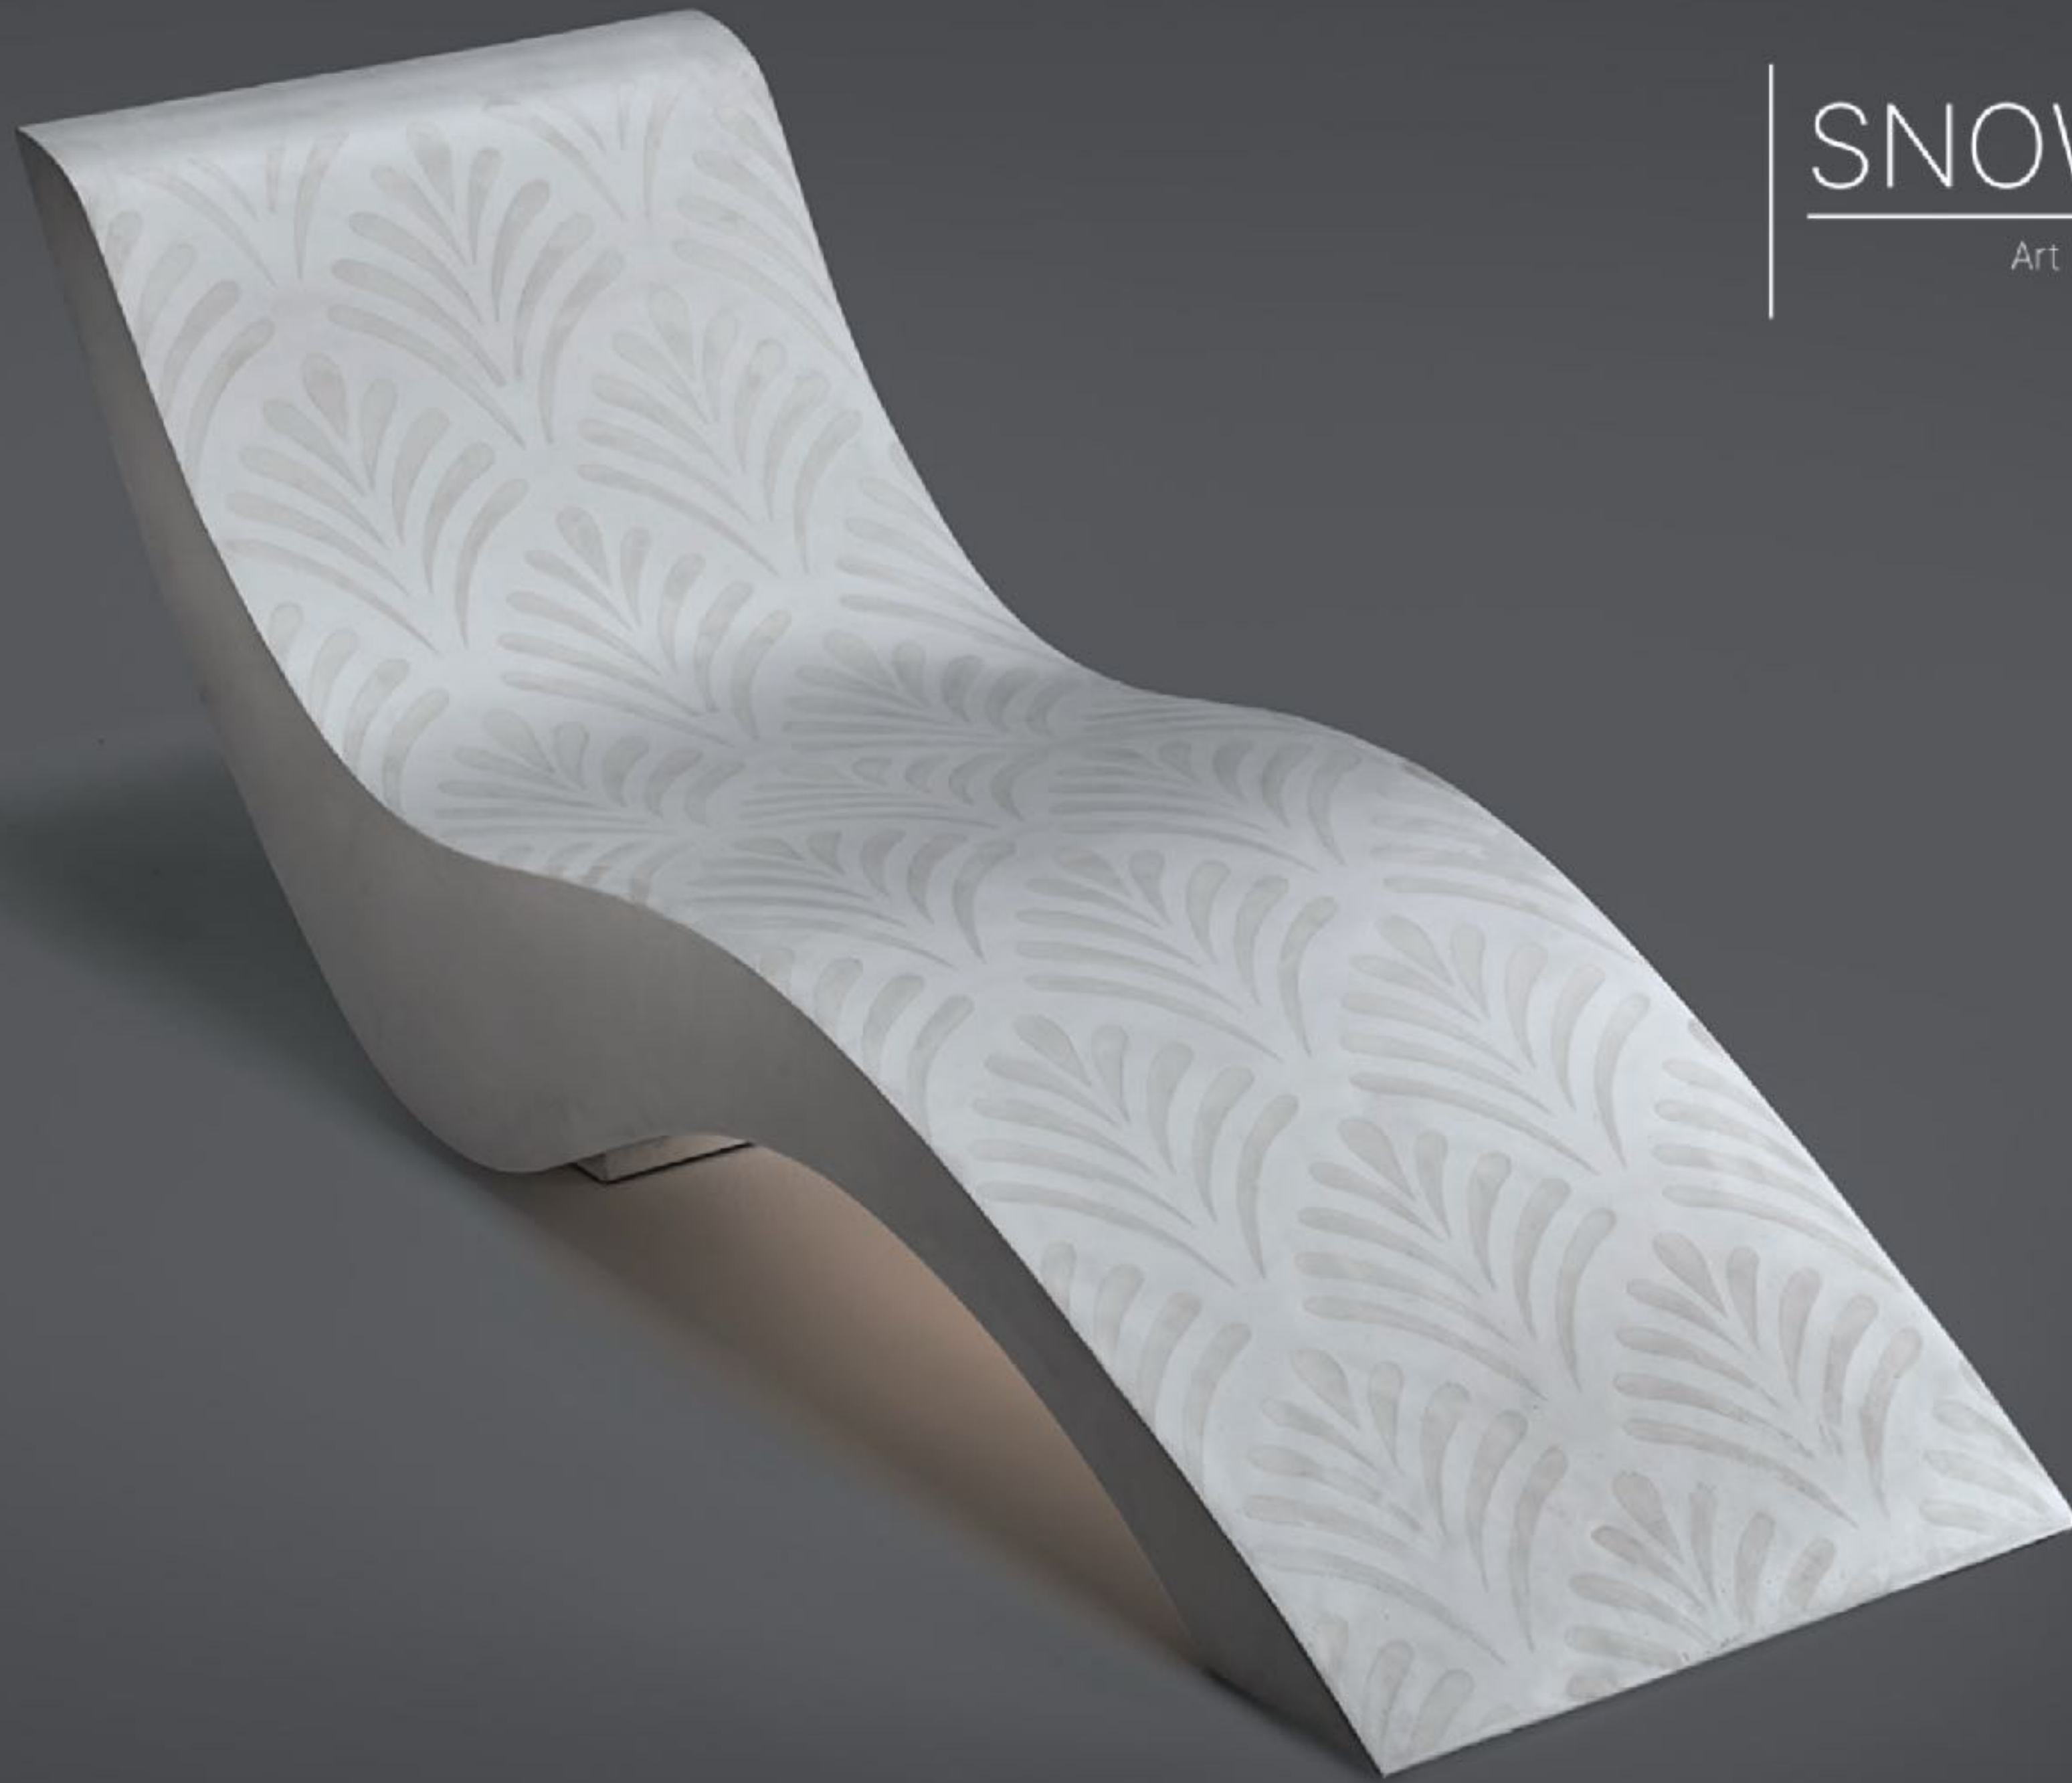

**Timeless Elegance in Anthracite** Crafted with meticulous attention to detail, the **MYTHOS lounger** combines **modern aesthetics with enduring durability**, ensuring a **graceful integration** into any interior—whether in a sleek wellness retreat, a luxurious hospitality setting, or a refined residential space.

## SOLEUM LOVT Heated Lounger The Architect's Signature Piece

The **SOLEUM LOVT** is more than a heated lounger—it is a **statement of refined taste**, designed to elevate contemporary interiors with its **bold architectural presence**. Crafted as a seamless complement to modern design, the LOVT embodies **minimalist sophistication** while delivering the ultimate in relaxation.

**Custom Design Freedom with Overlays** For those seeking a truly unique touch, the LOVT offers **exclusive overlay options**—a premium surface treatment that incorporates bespoke design elements. Whether for **hotel branding, corporate identity, or private customization**, these overlays transform the lounger into a **personalized work of art**, perfectly aligned with your vision.

**Handcrafted Concrete Aesthetics** The LOVT's striking **concrete-inspired finish** is achieved through a meticulous, **hand-applied process**, resulting in a **distinctive texture** that varies with each piece. This artisanal approach ensures no two loungers are alike, guaranteeing a **one-of-a-kind design** that commands attention in any setting.
